Village of Cambridge Youth Recreation Program Anti-Bullying Policy

Bullying is when one or more people exclude, tease, taunt, gossip, hit, kick, or put down another person with the intent to hurt another. Bullying happens when a person or group of people want to have power over another and use their power to get their way, at the expense of someone else. Bullying can also happen through cyberspace: through the use of e-mails, text messaging, instant messaging, and other less direct methods. This type of bullying can also lead to persons being hurt during or between the camp seasons and be especially hurtful when persons are targeted with meanness and exclusion.

At the Village of Cambridge Youth Recreation Programs bullying is inexcusable, and we have a firm policy against all types of bullying. We work together as a team to ensure that participants gain self-confidence, make new friends, and go home with great memories.

Unfortunately, persons who are bullied may not have the same potential to get the most out of their experience. Our leadership addresses all incidents of bullying seriously. We train our staff to promote communication within the staff and camp participants so both staff and participants will be comfortable alerting us to any problems during their time at our programs. Every person has the right to expect to have the best possible experience, and by working together as a team to identify and manage bullying, we can help ensure that all participants and staff have a great experience at the Village of Cambridge Youth Recreation Program.

The following page is the list of guidelines we expect all staff and participants of the Village of Cambridge Youth Recreation Programs to follow. While, these guidelines address more than bullying, they stand as our program's discipline policy

Village of Cambridge Youth Recreation Program Guidelines

1. Respect staff and other participants by not using foul, hurtful or obscene language or engaging in physical violence, bullying or other aggressive behaviors that threaten the safety and well being of others.
